## Course Specifications

Course number: 084680

Software: Microsoft® Office Outlook® 2003

Course length: 1.0 day(s)

Certification: Microsoft® Office Specialist for Microsoft® Outlook® 2003

## Course Description

This course is the first in a series of three Microsoft® Office Outlook® courses. It will provide you with the skills you need to start sending and responding to email in Microsoft® Outlook® 2003, as well as maintaining your Calendar, scheduling meetings, and working with tasks and notes.

**Course Objective:** You will compose and send email, schedule appointments and meetings, manage contact information and tasks, and use notes.

**Target Student:** This course is designed for people with a basic understanding of Microsoft Windows who need to learn how to use Microsoft® Outlook® 2003 to compose and send email, schedule appointments and meetings, manage contact information and tasks, and use notes. This course is intended for persons interested in pursuing the Microsoft® Office Specialist certification for Outlook.

**Prerequisites:** This course assumes that you are familiar with using personal computers and have used a mouse and keyboard; basic typing skills are recommended. You should be comfortable in the Windows environment and be able to use Windows to manage information on your computer. Specifically, you should be able to: launch and close programs; navigate to information stored on the computer; and manage files and folders. The following courses are recommended, or you should have equivalent knowledge of:

- Windows XP Professional: Level 1
- Windows XP Professional: Level 2
- Windows XP: Introduction
- Windows 2000: Introduction

**Delivery Method:** Instructor led, group-paced, classroom-delivery learning model with structured hands-on activities.

## Certification

Microsoft® Outlook® 2003: Level 1 is one of a series of Element K courseware titles that addresses Microsoft® Office Specialist skill sets. The Office Specialist program is for individuals who use Microsoft's business desktop software and who seek recognition for their expertise with specific Microsoft products. Certification candidates must pass one or more product proficiency exams in order to earn Office Specialist certification.

## Hardware Requirements
